

REACT

Real Experiences Activate Christian Teens

Mission Statement

REACT will provide real life Christian experiences for middle and high school youth to promote faith and service to God.

REACT in Worship

Our worship services are designed with youth in mind. During our worship services, youth will find new ways to connect with God and each other through prayer, song, and discussion. Youth take an active part in creating a meaningful service in which they explore ways that they can serve God in their daily life.

REACT in the Community

Becoming an active Christian teen means getting involved outside of the church walls. Our outreach events are aimed at getting youth to put their faith into action. We serve many different groups from our own parish to the greater Milwaukee area. Students who need community service hours for school can earn them through any of these activities.

REACT in Social Life

Getting together to have fun is a cornerstone of REACT. Social events are a great time for youth with similar values to get together and celebrate our faith, service, and each other.
